

Program: DGK-AK20 Summer School “*Crystallography in Materials Science: Future Developments & Career Options*”

Monday; 04.10.2021

10.00-10.15	<i>Opening</i>
10.15-11.00	Claudia Weidenthaler (MPI Kohlenforschung Mülheim a.d.R.) <i>Working at an extramural research institution: Max-Planck Society</i>
11.00-11.15	<i>Coffee break</i>
11.15-12.15	Ariane Friedemann (Police Bremen) <i>Work tasks in a forensic institute</i>
12.15-13.15	<i>Lunch break</i>
	<i>Coffee break</i>
13.15-14.15	Mirijam Zobel (RWTH Aachen University) <i>Scientific career at a German university landscape</i>
14.15-15.00	<i>Student talks</i>

Tuesday; 05.10.2021

10.00-11.00	Martin Etter (Petra III DESY Hamburg) <i>Working at a synchrotron research facility: DESY (Hamburg) (Helmholtz Association) and newest developments</i>
11.00-11.15	<i>Coffee break</i>
11.15-12.15	Anatoliy Senyshyn (FRM II Munich) <i>Working at a neutron research facility: FRMII (Munich) (Helmholtz Association) and newest developments</i>
12.15-13.15	<i>Lunch break</i>
13.15-14.15	Bernd Hinrichsen (BASF Ludwigshafen) <i>Working in chemical industry</i>
14.15-	<i>Student talks</i>
15.00	<i>closing</i>
